

BIO

Never give up... Never give in... those words are the foundation of which Through Fire was born. This four piece hard rock band hailing from Omaha, Nebraska quickly caught the attention of several industry executive's and they've recently inked a deal with Sumerian Records. With anthems such as "Stronger" and "Breathe", Through Fire is here to make their mark in the rock world.

Comprised of lead singer Grant Kendrick, guitarist Justin McCain, drummer Patrick Mussack and bassist Jesse Saint, the bands live show is sure to rally fans throughout the world. Impacting radio along with their video premier for "Stronger" in January 2016, Through Fire set out on the road with Adelitas Way and Failure Anthem for their first tour.

Following up that successful run and introducing the band to the masses, they went out for 7 weeks with industry veterans OTEP and supported a very strong first showing at Active Rock radio across the country.

July 1, 2016, their debut record "Breathe" dropped nationwide. The band then found themselves playing a Danny Wimmer mega fest, "Chicago Open Air" in Chicago followed by various radio shows.

Their single "Stronger" saw great success at radio reaching #27 on the Mediabase Active Rock charts and powerhouse Octane coming on board to get behind the track. In less than 3 weeks "Stronger" made its way to the #1 most played song on the station and sat at the #1 position for the Big Uns Countdown for 5 weeks. With impressive digital sales, reaching #1 on iTunes, #1 in single downloads within the genre and outselling more than half the bands in the top 30 the band garnered the attention of NBC Sports and found song placements with "Stronger" in mixed martial arts matches, The Stanley Cup Finals and its way into 3,200 health clubs across the country and Canada.

August gave the band a short run with Nonpoint and a tour to follow with Sick Puppies and Letters from The Fire. The band is gearing up to release their next single to radio, a headline tour on the East coast and finishing the year with a run with Escape The Fate.

Through Fire looks to solidify a permanent spot amongst the industry's elite acts. Never give up... Never give in... They are just scratching the surface of whats to come!
